## Program Overview

LoginClinics *Concierge Medicine Program* is a monthly medical membership for individuals and families who want or need quick, easily-accessible medical care and advice.

Each LoginClinics' provider accepts 20-30 clients into their concierge program. This is to keep our focus on the medical care and attention that you need. We strive to provide comprehensive, caring, thorough and cost-effective medical care. LoginClinics also incorporates telemedicine services into our packages, primarily to help maintain continuity of care and continuous contact with our clients.

## Goals

1. To provide convenient and thorough medical care with minimal wait time
2. To act as your healthcare liaison and coach
3. To be easily accessible via text, phone or portal (secure email)
4. To make medically necessary referrals and
5. To provide medical care that is individualized, personal and comprehensive
